END: 1303

METHODOLOGY: SOLO

VIEWER IDENTIFIER: 018

1. (S/NF/SK) MISSION: Determine and describe the key activity of intelligence interest at a geographical location represented by Encrypted Coordinates 362104/453869. Describe the personnel and any material/equipment associated with the target.
2. (S/NF/SK) VIEWER TASKING: Remote Viewer 018 was tasked with requirements outlined in Para 1, above.
3. (S/NF/SK) COMMENTS: No inclemencies noted. The concept of a concealed weapon appears to be valid. It appears that because the concealed weapon was surrounded by metal sides. 018 pursued the concept of ships possibly carrying drugs. A Summary of Information is attached to this report.

WORKING PAPER

Project: 8928
Date: 890925
Time: 1157-1303
Viewer: 018
Session: 01

SUMMARY OF INFORMATION:

1. (S/NF/SK) Describe the activity of intelligence interest: The activity appears to deal with:

a. Concealed weapons aboard a large ship, presently at dock in a large, industrial port, and

b. The control of that ship and its activities by a person in a smaller sailing vessel which is sailing in open water.

2. (S/NF/SK) Describe the target site and its immediate surroundings:

a. The large ship is greenish-white on top and black/brown on bottom. It is very large and tall, made completely of metal. Inside this ship is a dark, narrow area (see sketch, page 10) which has some large equipment on one side of the area, and pipes running along the metal wall on the other side. There is a strong feeling of concealed weapons in this area.

b. The small ship is brightly lit and very clean. It is under way on the open water, and given a constant feeling of smooth, curving, sluicing motion. It has a gracefulness which is impressive. It is all white in color and very tall and slender. The top portion curves in the direction of its travel (see sketch, page 4).

3. (S/NF/SK) Describe the personnel directly related with the target:

a. The personnel aboard the large vessel are, for the most part, dirty and greasy. There is one person aboard who is fairly cleanly dressed in blue and white clothes. This man has a very sturdy stance and walk (as

though he has good "sea legs"). He is very serious, determined, and business-like.

b. The personnel aboard the sailing vessel are cleanly dressed. They are serious-natured, but joke a lot among themselves. There is one person aboard this ship who is not accustomed to being on the open water at all. He has black hair, needs a shave, and has a "pudgy" body-build. He is the person who is in control of both ships.

4. (S/NF/SK) Additional: I found absolutely no evidence of drugs aboard either ship.
